How do I book an appointment?

Appointments are booked at a time and date just as with face to face appointments.

What do I do if I need a repeat on my prescriptions?

During your Telehealth appointment with Dr Finniear you are able to request a new prescription. Dr Finniear will offer you two options for getting your prescription:

Option One

This option offers you a new prescription that you can pick up from the Reception desk at Mind and Body Medicine later that day.

Option Two

Alternatively if it is more convenient for you we can arrange to Fax or email your prescription through to the Chemist of your choosing. You are then able to go directly to your local Pharmacy to pick up your medications.

How do I get my Medications if I am unable to leave my home due to COVID 19 infection or Age or health related reasons to self-isolate at home?

cal Pharmacies are offering free deliveries for medications when you are required to stay in home isolation. Ask your local Pharmacy if they offer this service to deliver directly to your home.

Electronic Prescribing

The Federal Government has advised Medical Practitioners that Electronic Prescribing(ePrescribing) will be available within a few weeks. With Electronic Prescriptions the prescription is sent electronically to your Pharmacy without you needing to obtain a paper copy from your Doctor.

Mind and Body Medicine will keep you updated when this EPrescribing becomes available.

You will still need to have a Telehealth or Face to Face appointment with your Doctor to obtain your prescription but you will not require a paper copy of this.

Telehealth Appointments are available with Dr Finniear as follows:

Monday 8am to 4pm

Tuesday 8am to 4pm
